

## 2021 Rappahannock District UMM Annual Report

This district continues to support men through many church programs. However, the district churches don't have a close affiliation with the District. As president I have visited churches that are actively coordinating with the District, but these are single digit numbers.

At this point the District has no resources except District funded scholarships for people who are willing to attend the Conference Annual Advance.

There is a need for a member from the church UMM groups to prayerfully consider becoming part of the District Leadership as my three years of service end this year. As a result I have volunteered to continue as District President one more year, but I will have to find a replacement by then.

Bob Pickett

President, Rappahannock River District UMM
