The Rappahannock River District is one of the fastest growing districts in the Virginia Conference. As a group of 74 vibrant churches, the Rappahannock River District has been given a wonderful opportunity to reach new people with the Good News of God's love in Jesus.

Many of our existing churches are located in growing areas and are embracing their new neighbors with the gospel. In addition to supporting our established churches along interstate 95, the Rappahannock River District will look toward new church growth in areas from Fauquier to lower Reedville.

The Builder's Club is a group of Laity and Clergy from across the District who have pledged financial support for building new churches, renovating and expanding existing church facilities on the district.

The Club raises money by issuing a call to its members two or three times a year. When members receive a call letter, they will receive information about the church, the location and information about the project. Members are then asked to respond with a donation to the Club. There is no minimum or maximum pledge amount. All donations are tax exempt and you decide the amount you wish to give for each call. No more than three calls will be asked of you during any given year. You can opt out of the Builder's Club any time if your circumstances change.
